## Pataua North Camp 2020

Room 14 and 15's two-day memory making excursion to camp. Kayaking, snorkelling, bridge jumping, cockle picking, cooking experiences, swimming. Filled with heaps of smiles and jam packed fun.

## Urquharts Bay Beach Trip

We went to the beach. We found crabs. We went up half the mountain and we hung off the fence.

I had fun and we walked up the big hill. It tired me out. We stopped to take a picture. I didn't step in the cow poo and I was happy about that. Naomi was yelling at Sophia because she wasn't staying on the track.

**Rooms 10, 11, 12 and 13**

Crabs were hiding underneath the rocks. The shells were crunching when people stepped on them. There was lots of yelling around me and we ran to the seats to have lunch.

Last week we went to the beach and when we got there we saw some crabs and some sea anemones and I put my finger in it. When I put my finger in it, it felt weird. It felt soft and kind of hard and funny. I loved it.

Last week we went on a trip to Urquharts Bay. We hopped off the bus and then we walked along the beach. Then we stopped to eat and then we walked through the bush and there were cows blocking the way, but we got there to see the gun shelter.

At the beach I found a crab under a rock. The crab was big and William's dad helped me pick up the rock and there was two crabs and it was cool.

Please get in touch if we can help you with this – [office@horahora.school.nz](mailto:office@horahora.school.nz).

## Returning reading books ...

It's that time of year again... We need your help, our stocks of home readers are looking low! Spend a little time with your tamariki searching for any of the readers they have brought home throughout the year and get them to bring them back. We appreciate their return as it means we can buy lovely new exciting stories with our budget rather than replace ones that have been lost.
